PRODUCT DESCRIPTION

SAWED MARBLE

The "P", "LP" and "M" series are the classic marble tiles from 40s - 50s.
Also used in the following decades, today they have been rediscovered and are particularly sought after for their classic taste that makes them ideal to pave old buildings in historic town centers, today particularly cared for in their renovation.

They fit well with modern furniture as well as with classic and antique furniture both in offices . They can be used both is private houses and in shops for their certain classic flavor.
The material is supplied honed; after laying on site it must be honed again , expertly filled and polished in the same way as marble. It is recommened wax maintenance.
