

BOC 472 CM. 40X40

SKU: N/A

Size: cm. 40 x 40

Thickness: mm. 38 approx

Weight: kgs. / sqm. 75

Packing: each pallet/sqm. 21.12 (132 pieces) - total weight kgs. 1700

| **Categories:** [Outdoor Terrazzo Tiles](#), [BOC](#) |

PRODUCT DESCRIPTION

BOC

For their sober, refined and elegant style, the tiles of the BOC series represent the most refined you can ask for for outdoor flooring. The exposed surface, made up of fine marble micro-grids, takes on the bush-hammered effect thanks to a particular procedure that avoids splitting of the grit and shows its full color and brilliance.

The concrete squares of the BOC series are produced in various standard colors, but on request they can also be made in additional tones.

It is recommended to install it "with joint" of about 15 mm and to plaster a little 'low (avoid smearing with mortar or otherwise wash before it hardens).

Although the BOC terrazzo tile was created as floor tile, it has also proved to be ideal for claddings.
