PRODUCT DESCRIPTION

ZETA Shadow

On the ZETA terrazzo tile series, the SHADOW technology is applicable. It allows unique and various decorations through total or partial sandblasting of tile surface.

This process is a stimulating creative tool to design outdoor solutions, roofing and rustic interiors. Amazing effects can be achieved by combining the various finishes and designs even in the same color.

It's possible to evaluate the realization of a custom-made specific logo or design, please contact us to talk about it!
