SHADOW

L'ARTE DI RESISTERE NEL TEMPO

# SISTEMA SHADOW SHADOW SYSTEM

**L**a Máttoli, attenta e sensibile come sempre nella ricerca e nel perfezionamento tecnico ed estetico dei suoi prodotti, propone una nuova, interessante e piacevole versione dei suoi tradizionali pavimenti in graniglia di marmo e granito: SHADOW, “la morbida ed affascinante ombra del tempo” ottenuta grazie ad una speciale tecnica di lavorazione.

L'aspetto forte, irregolare e vissuto fa di questa nuova serie di prodotti una proposta versatile ed esclusiva adatta alla pavimentazione ed al rivestimento di molteplici ambienti interni ed esterni; infatti, la qualità e la resistenza dei materiali utilizzati e la personalità elegante e naturale delle superfici consentono di offrire fascino e calore agli edifici moderni e di restituire solidità ed eleganza agli ambienti d'epoca.

**M**áttoli, always careful and active in the reserch and development of the technical and aesthetic perfection of its products, presents a new, interesting and pleasant version of its traditional marble and granite chips flooring: SHADOW, with a soft and charming shadow of time, with its strong, irregular and aged look, this is a versatile and exclusive choice in the field of paving and indoor-outdoor covering

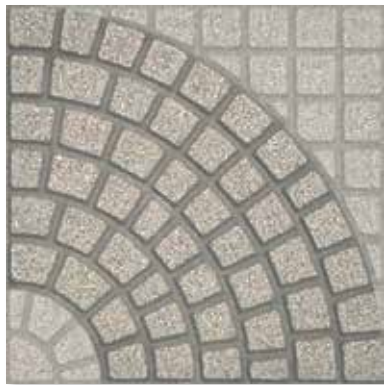

The quality and strenght of the materials used, together with the elegant and natural personality of the surfaces, allow SHADOW to provide a warm and charming atmosphere for modern buildings and restore solidity and elegance to antique surroundings.

Il gioco armonico luce-ombre ottenuto dalla gradevole alternanza tra antico e nuovo, levigato e Shadow, ripropone con sobrietà ed eleganza l'intramontabile fascino dell'arte classica.

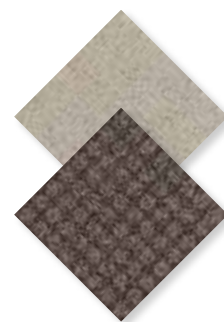

*The harmonious "light and shadow" alternation obtained from the pleasant contrast between old-fashioned and modern, between ground and Shadow, reproduces the eternal fashion of classic art in a sober and elegant way.*
