ARREDO URBANO**

100 anni raccontano la storia della nostra azienda, cominciata dal Cavalier Manlio Máttoli, continuata dai figli Giuseppe e Antonio ed oggi condotta dai nipoti Manlio, Massimiliano e Marta.
Dal 1923 ad oggi la Máttoli srl è punto di riferimento mondiale per le pavimentazioni in graniglia e cemento e nella lavorazione delle pietre naturali.
Vi proponiamo con questo catalogo una sintesi dei nostri prodotti che oggi più che mai mostrano tutto il loro fascino e le loro qualità di materiali ecosostenibili essendo prodotti con materie prime per gran parte riciclate.

*100 years tell the story of our company , started by the knight of labour Manlio Máttoli, continued by his sons Giuseppe and Antonio and now run by his nephews Manlio, Massimiliano and Marta.
From 1923 untill today Máttoli company has always been a worldwide reference point for both terrazzo tiles and natural stones.
In this catalogue we would like to show you a synthesis of our charming eco-friendly materials mostly produced with recycled raw materials.*
